700 PEOPLE KILLED IN KINGSTON, JAMAICA

Over Four Hundred Bodies Have Been Buried.

REMAINING BODIES CREMATED

Five Hundred Persons Are Still Under Treatment in the Hospitals—Several Shocks of Earthquake Felt Friday Night—Work of Clearing the Thoroughfares of Debris Is Being Pushed Forward.—Water Supply Is Improved, but Food Is Scarce and the Price Exorbitant—Battleship Overawes Convicts—Many Persons Rendered Insane by the Disaster—Port Royal Again Sinks and Geysers Are Springing up in the Streets.

Kingston, Jamaica, Jan. 21.—The United States warships Indiana and Missouri arrived Saturday morning from Guantanamo, bringing large quantities of medicine and food. The torpedo destroyer Whipple arrived during the night with a boatload of medicine which was sent ashore in charge of Surgeon McDonald. The cruiser Yankton is expected to arrive here soon. Many of the Americans who were in Kingston at the time of the disaster have been taken aboard the warship. They intended to take passage for the United States on board the Hamburg-American steamer Prinz Eitel Freiderich, but that vessel ran ashore near the wreck of the steamer Prinzessin Luise last night. The Plum Point light house was smashed by the earthquake and vessels arriving at night have no lights to steer by. The steamer Prinz Waldo is also hard ashore. The wrecker Premier has gone to the aid of the stranded vessel.

Several shocks of earthquake were felt Friday night. Four hundred and twenty dead were buried up to Friday night. The remaining bodies are being cremated.

The list of dead, it is now believed, will be about 700.

The work of clearing the streets of debris is being pushed. Dynamite is being used to blow some of the ruins to pieces. The people here greatly appreciate the action of the American government in sending warships and supplies. The water supply has been improved, but food is very scarce, and the price therefor exorbitant.

A remarkable incident of the earthquake has just come to light. An English clerk in a store was buried under the fallen walls following the earthquake of Monday and over this, for many hours, great fires swept. Wednesday the clerk was dug out alive. His injuries are not severe.

Five hundred persons are still under treatment in the hospitals. No Americans lost their lives in the disaster.

New York, Jan. 21.—A Kingston, Jamaica, dispatch to the Herald states that the battleship Missouri, lying off the Penitentiary, overawed the unruly convicts by firing two rounds of blank cartridges and landing an armed party. The help was thankfully received by the government.

The Heralds correspondent reports that the inmates of the insane asylum are at large but he says that in the present state of mind nearly all Kingston is crazed. Many persons were rendered insane by the shock of the disaster, the most notable being Gerald Lowder, well known in London.

A dispatch to the Sun from Holland Bay, Jamaica, says great suffering exists among the poor of Jamaica. A delegation of 50 sufferers appealed to the governor for the the systematic distribution of relief. The spokesman said many were dying of neglect. He charged that those with money had been supplied with food and medicine.

Port Royal has again sunk, and geysers are springing up in the streets. The land has now subsided eight feet.

The American consulate was wrecked [illegible] consul there tried the department asking for help. One has to travel all night in a small boat and on horseback to reach Holland Bay, from which cable messages are sent.

New York, Jan. 21.—A sign that order is being restored at Kingston is the fact that on Friday the Western Union Telegraph company's one intact cable from Jamaica was monopolize largely by the island government. The officials are beginning to make extra calls upon the service in ordering supplies and transacting official business. The Western Union is yet many hours behind in handling general business to and from Jamaica, but messages which it received on Friday night lead it to believe that one of its incapacitated cables which lands at Holland Bay, will soon be again in working order. It was said at the company's office also that its office at Kingston may be re-established Saturday. Most of its dispatches from Kingston thus far have been sent from the sub-station five miles out.

The Commercial Cable company received word Friday that one of its cable vessels has reached Jamaica, and is now trying to find the break in the company's line.

New York, Jan. 21.—News from Kingston, Jamaica, is still filtering in slowly and 24 hours late, but the worst is now aparently known. The town itself is a wreck, very few of the houses standing remaining habitable, and the populace is living in the open. Food and medical supplies continue scarce, but relief ships are hurrying to the strucken city from many quarters so that there will soon be an alleviation in this respect.

The dead list is probably about 700 and the seriously injured, in hospitals, number in the neighborhood of 500. Many others who were injured are being cared for at their temporary homes.

Progress is being made in clearing away the debris. Dynamite is resorted to in clearing away menacing walls of the ruins.

Good order prevails in the city. Admiral Davis, who is in the harbor with the battleships Missouri and Indiana, were called on for help in the work of policing the city and he promptly responded by landing marines. These sea soldiers are now picketing the streets and assisting the British authorities in the maintenance of order.

All mariners are warned that the two light houses at the harbor entrance have been destroyed and that the approach to the harbor at night is perilous. Another steamer approaching Kingston and not knowing the conditions is reported to have suffered. This is the Hamburg-American line steamer Prinz Eitel Friedrich. This vessel acording to a Kingston dispatch received by the Associated Press early Saturday is ashore near the Prinz Waldemar, and the Prinz Essin Luise, vessels of the same line which are stranded near where the Plumb Point light house was located.

No Americans were killed as a result of the disaster, despite the fact that there were many American tourists in the place when the visitation came.

A large number of these tourists have taken refuge on the American warships in the harbor while awaiting ships that will take them to the United States.

American aid has been timely in this hour of trouble to a British possession and the dispatches agree it is warmly appreciated by the stricken people.

Farmesr Union Meets Tuesday.

Atlanta, Jan. 21.—Nearly 4,000 delegates of the Farmers' National union will wend their way from all parts of the union to Atlanta next week, arriving here in time for the opening session of the first national rally of the organization held in Atlanta. The opening session will be at the state capitol Tuesday morning, Jan. 22, at 10 a. m., the session lasting for three days. Wednesday and Thursday will be given over entirely to executive sessions.

Plantations Ruined by Locusts.

Montevideo, Uruguay, Jan. 21.—A plague of locusts in the Salto district has laid waste the plantations there. Farmers are emigrating to Argentina.

LABOR MATTERS BEING DISCUSSED

Especially Where They Concern Child Labor.

BILL FOLLOWS GEORGIA'S LAW

Alabama Law Provides that Boys Under Fourteen and Girls Under Sixteen Cannot Be Worked in the Cotton Mills.

Montgomery, Ala., Jan. 21.—The child labor question is up for discussion just now in the capital city, there being here men and women representing most every feature of the situation. The child labor committee of the state, of which Elger Gardner Murphy is a member, and Dr. B. J. Balwin, of Montgomery, chairman, met at the residence of Dr. Baldwin and blocked out a bill. G. W. Pratt, of Pell City, president of the Alabama Cotton Manufacturers' association, came to the city to discuss with the governor a bill which has been prepared under the auspices of his organization.

The bill of the Alabama committee provides that boys under 14, and girls under 16 years of age, shall not be worked in the mills, unless they be orphans, or sole support of widowed parents. In that case they may work down to 12. No children of any age are to be worked more than 60 hours a week nor eight hours a night. Neither are they to be worked more than eleven hours in any one day, and the bill further provides for an inspector of mills and factories at a salary of $1,800 a year and $500 a year for expenses.

The bill prepared by Mr. Pratt and his associates follows the Georgia law in most sections. The age limit is 14 with the minimum of 12 for children who have to support themselves or indigent parents. Each child who goes into the mills must have gone to school at least twelve weeks in the year before, six of which must have been continuous. The law is to apply to mines and all other industries in the state the same as to mills and factories. The bill is all that any of the adherents of child labor legislation ask with enlargement of scope to take in all industries. Governor Comer, who is one of the largest mill men of the state, is said to be in favor of the Pratt bill.

Searching for Heiress.

Chicago, Jan. 21.—Search for Mrs. J. J. Lewis, 109 North Artesian avenue, heiress to part of a $300,000 estate in Texas, was begun Friday by the police and private detectives. She disappeared Thursday while on the way to an attorney's office to sign papers connected with the estate. She did not reach the office and has not returned home. Her husband asked the police to search for her. Mrs. Lewis was notified recently of the death of her uncle, James Wilkinson, at Dallas, Tex. She was one of four heirs.

Victory for Radicals.

St. Petersburg, Jan. 21.—The first election returns have been received here from trans-Caspian territory. The result is an overwhelming victory for the radicals, who have secured over eighty per cent of the electoral college, which will choose one deputy. Half the electors at Askabad, the capital of trans-Caspian territory are railroad men belonging to the ecxtreme revolutionist and socialist parties.

Etiquette Versus Reason.

London, Jan. 21.—The Madrid correspondent of the Standard says that Queen Victoria wants to nurse her coming baby herself, but she will not be allowed to do so because it is contrary to Spanish etiquette. An English nurse has been engaged.

Will Increase Capital Stock.

El Paso, Tex., Jan. 21.—It is said here in railroad circles that the El Paso and Southwestern Railway company will increase its capital stock from $7,000,000 to $10,000,000 for the purpose of extending its lines into Mexico.

MONEY WILL BE RAISED.

Oliver and Bangs Are the Lowest Bidders on Canal Job.

Knoxville, Tenn., Jan. 21.—Opinion prevails here in financial circles that W. J. Oliver and Anson M. Bangs, the lowest bidders on the Panama canal construction, will experience no difficulty in meeting the requirements determined upon in the conference between the president and other government officials. It is conceded that Mr. Oliver and his associate are easily able to show they have or can control $5,000,000 for the canal work, exclusive of liabilities, including the $2,000,000 which will be required to make bond. Mr. Oliver himself owns extensive property in this city, and is owner of all the equipment which is worked on the numerous large railroad and [illegible] construction contracts he and his various firms now have under way. He also owns stock in the Southern railway, banks, mining companies and other industrials, the aggregate of which runs into the millions.

Mr. Bangs is also highly rated, and the combination is said by conservative financiers to be easily worth much more than $5,000,000 required by the government. It is confidently expected that Oliver and Bangs can qualify financially under the government's requirements.

Posse Searches for Him.

New Orleans, Jan. 21.—A posse is searching for Benjamin Puckett, charged with the killing at Cypress Island Pass, near Lake Charles, of his wife's brother, Frederick Spangler and the wounding of his mother-in-law and another of her sons. Mrs. Puckett has been arrested, charged with complicity in the crime. It is said that Mrs. Sprangler went to the Puckett home to collect a debt and was assaulted with a poker by her daughter. She went home and told her sons of the occurrence, after which all three returned and were fired upon with the above result. The Spanglers are prominent in that neighborhood.

Keiths Sentence Commuted.

Atlanta, Jan. 21.—The life sentence of R. A. Keith, an Atlanta man, who shot and killed Jesse Wall whom he discovered coming from the Keith home, was commuted to present service which is five years. The case was one of the most notable in the history of Fulton county, and was the cause of much interest from the time of the crime until Keith was convicted in 1901. It was brought out at the hearing that the prisoner's eyesight has failed and that his health is broken and the commission judged that Keith was within the unwritten law in killing Wall.

Bad Negro Killed.

Ludowici, Ga., Jan. 21.—A desperate negro was killed here by acting town marshals. The negro was intoxicated and was arrested and fined for cursing. While trying to arrange his bond he became enraged, and snatching a pistol from one of the marshals, fired at him and ran. The marshals pursued and after firing several shots, hit him with two bullets, from which he died quickly.

New Party Formed in Cuba.

Havana, Jan. 21.—A new party has been formed here which is arranging to adopt a platform demanding negotiations with the United States for a treaty of friendship, commerce and political relations, guaranteeing the independence of Cuba and also guaranteeing that revolutions shall be impossible. This platform is considered to mean a demand for a protectorate.

Spanish Newspaper Confiscated.

Madrid, Jan. 21.—An article in the Tralla [illegible] offensive terms to Castillian [illegible], led to a hostile demonstration outside the office of the newspaper. Copies of the paper were burned and several shots were fired. The governor ordered the confiscation of the issue of the paper containing the offensive article.

Warm Weather in Tennessee.

Nashville, Tenn., Jan. 21.—All January records for high temperature in the history of the weather bureau here was broken here Friday afternoon at 3 o'clock, when the mercury stood at 76.

25 PEOPLE KILLED IN BIG FOUR WRECK

Bodies of Twenty of the Victims Were Cremated.

DENSE FOG CAUSED ACCIDENT

The Engineer of Passenger Train Was Unable to See Danger Light which Directed Him to Stop, and Train Was Running at a 50-Mile Rate.

Indianapolis, Jan. 21.—A special to the News from Lafayette reports received there indicate that 25 people were killed in the wreck of Big Four passenger engine No. 38, near Fowler early Saturday, twenty of whom were cremated.

Those killed, it is said, were nearly all in the combination car, which took fire and burned.

The sleeping cars turned over.

Owing to the dense fog the engineer of the Big Four flyer was unable to see the light on the semaphore which directed him to stop as a westbound freight had the right of way. The train dispatcher, knowing that the dense fog would prevent the trainmen from seeing the block signal, went outside and waved his lantern frantically and fired at least half a dozen shots from his revolver, but the train rushed by, and a moment later the crash came.

The tender of No. 38 telescoped the baggage car, the rear end of the tender cut through to within ten feet of the rear of the smoker.

The firemen of both trains were killed instantly, but the engineers escaped by jumping.

The report of the colision was heard al over the little town and fire bells and whistles quickly called the people to the aid of the injured.

Immediately following the crash the wreckage caught fire and the bodies were burned before they could be extricated from the ruins. The heat of the burning cars was so intense that the would-be rescuers could not get near enough to help. The injured and some of the dead were taken to Kankakee, Ill.

One man was pleading piteously for aid was pinned under a car seat. He was rescued when the flames were within six feet of him. Another man was thrown out of the window of the smoker into a ditch. These were the only two passengers rescued from the smoker.

The killed includes men, women and children, and all that could be seen at daybreak in the morning was the smouldering skeletons of human bodies and wreckage of the smoker and the baggage cars. None of the passengers in the sleepers was killed.

Coroner Comley has taken charge and prosecuting attorney Hall will assist the coroner in making an investigation of the wreck.

The sleeping cars were not destroyed by fire, as first reported.

General Superintendent H. F. Houghton, of the Big Four, said his information at 10 a. m. was that between ten and fifteen persons were killed, while the list of seriously injured is not large.

"The Indianapolis sleeper," said Mr. Houghton, was the last car on the train. No person on it was hurt.

Five injured were taken into the hospital at Kankakee. One of them died on the way.

"The survivors were put aboard the next train for Indianapolis. It was necessary to send this train back to Schaff and over the Lake Erie and Western and Chicago and Eastern Illinois to get back to the main line for Indianapolis. Some of the passengers wished to go back to Chicago, and were sent there.

"We sent a wreck train from here at 5 o'clock in the morning, but a train from Kankakee was there ahead of it.

"Our information is that No. 38 ran past the block at Fowler, probably because of the fog."

Negro Hanged at Richmond.

Richmond, Va., Jan. 21.—James Warm, a negro, was hanged Friday for the murder of Carrie Meeking, also a negro.

CLOSING DAY OF STUDENT CONFERENCE

Address Made by Mr. Cooper of New York at Presbyterian.

CONVENTION VERY SUCCESSFUL

It Was the First Student Convention of the Y. M. C. A. Ever Held in Florida, Prominent Speakers Present, and Fine Work Accomplished.

The closing session of the Florida Student Conference was held in the Presbyterian church Sunday evening. The address was delivered by Mr. Clayton S. Cooper of New York, on "The Greatness of Christ." After this address the delegates met alone for a most impressive session. Many students told in a brief and unostentatious way the vision of a larger life they had received and the plans for a strong religious work they were going to put into effect when they returned to their colleges.

This Conference is the first association meeting which has ever been held in Florida. It has been exceedingly helpful to delegates and promises therefore to open up a stronger religious life among the educational institutions of Florida.

The Conference has been addressed by such men as Mr. Cooper of New York, Mr. W. D. Weatherford of Atlanta, Mr. Ralph M. Harper of North Carolina, Mr. J. V. Reed of Atlanta and Dr. Andrew Sledd of Gainesville.

The closing day was a memorable one for the Conference. In addition to the inspiring address of Mr. Cooper, Mr. W. D. Weatherford spoke in the University chapel in the afternoon to a mass-meeting for men. In spite of the rain the meeting was well attended. Eight or ten men asked for prayer to live the stronger life. Two men took a definite stand for the Christian life.

In the closing session, resolutions were passed thanking the students and faculty and President Sledd, of the University, and the citizens of Gainesville for their hospitality in opening their homes to the Conference, and for help in making the Conference such a success. The pastors of the churches were also thanked for their co-operation and help.

Most of the delegates and leaders left on the early morning train Monday for their respective colleges.

For Marshal.

I respectfully announce my candidacy for the office of City Marshal at the election on April 9th, 1907. If elected I shall perform the duties of the office without fear or favor.

DR. J. E. ENNIS

Of Atlanta, Ga., Addresses the People of Gainesville on a Matter of Health.

"To Whom It May Concern: Of late there has been a good deal of discussion in regard to advertised medicines, their value and power to cure.

"I want to say to the people of Gainesville that I believe the most valuable cod liver oil preparation, the best body-builder, health restorer and strength creator known to medicine today is Vinol.

"While Vinol does not contain the system-clogging oil of old-fashioned cod liver oil and emulsions, it actually does contain all the curative medicinal principles of the cod's liver in a highly concentrated form, with tonic iron added, and it is delicious to take.

"I advise Vinol in my practice, and find it has no equal for healing coughs, colds, bronchial troubles and sore lungs.

"I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who were anæmic and run-down with splendid results. I have also found Vinol to be a boon to the aged.

"I believe Vinol to be well worthy of any honest physician's endorsement."

We sell Vinol to the people of Gainesville on an offer to refund money if it fails to benefit.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

NEWS OF CITY AND COUNTY CONDENSED

H. D. Wood of Evinston, member of the firm of Wood & Evins, merchants, was a business visitor to this city yesterday.

For Sale—Select Barred Plymouth Rock eggs for hatching—fifteen for one dollar, five dollars per hundred. B. F. Matheus, Tacoma, Fla.

W. R. Steckert, land commissioner of the Cummer Lumber Company, left yesterday for Dade City and other points on business connected with his company.

J. R. Eddins and son, John, left Sunday for Havana, Cuba, where they will spend a few days. They may decide to visit other sections of the island before they return.

C. E. Hayes, formerly proprietor of the bowling alley in this city, has associated himself with his brother at Picolata, St. Johns river, in the crosstie contracting business.

George Ford has arrived in the city from Ohio, and will spend the winter here with his son, Fred H. Ford, and family. This is his first visit to Gainesville, and he seems well pleased with the city. He is delighted with the climate, also.

Mrs. E. H. Akley of Vernon, Vt., has arrived in the city, and will spend the winter with her sister, Mrs. I. E. Webster. Mr. Akley is a prominent citizen of Vermont, being an extensive farmer and stockman, and a representative in the Legislature of his State.

Capt. J. A. Carlisle will prepare the fish chowder to be served by the ladies of the Earnest Workers' Society of the Presbyterian church, in the storeroom recently vacated by Mrs. LeGrande. In addition to the chowder oysters and coffee will be served. Remember the date, Wednesday, January 23, from 4 to 9 o'clock p. m. The proceeds will be devoted to the benefit of the building fund of the church.

Mr. and Mrs. J. D. Russell of the English Colony, near Gainesville, have removed to Jacksonville, where they expect to make their future home. They were among the first settlers of the English Colony, which thrived and flourished for so long, having been founded in 1888, and were the last to leave. During their long residence in this section they made many friends, all of whom will wish them much success in their new home.

James Lovelace, for the past few years a resident of this city, left this morning for his old home in Brewton, Ala., where he has accepted a lucrative position, and where he expects to again reside. Mr. Lovelace, being a practical printer, was for a long time employed by The Sun, and afterwards worked in other offices here. He has recently acted as assistant ticket agent of the Atlantic Coast Line, but decided to return to his old home. Friends regret his departure, but wish him much success in his new position.

GRAND OPERA.

"Martha" is Coming on Wednesday, the 23rd Instant.

Gainesville has had all kinds and styles of amusements, but Manager Layton thinks he has discovered a complete departure in the prentation of the Andrews' Grand Opera Company, offering Flotow's exquisite masterpiece at Edwards' Opera House on Wednesday night, January 23rd.

Dainty, delightful "Martha," in its gentle romance and beautiful composition, awakes universal praise for its superior elements, delightful music and the elimination of the caustic and rancorous dialogue deluging the stage.

The organization appearing Wednesday night comprises an ensemble of native talent and voices seldom seen in the smaller cities, and as a matter of fact, very seldom seen outside of Eastern realms.

A commendable feature of the company is its unique, refined manner of advertising. Instead of flaring posters on walls, barns and boards setting forth impossible scenes, situations and general humboggery, three polite and educated advance representatives engage in their various duties of soliciting the element of patronage interested in opera or things musical and pure.

Handsome, deckle-edged storiettes of the opera are distributed, novel menu cards describing the points of the opera are also freely scattered, while dainty little invitations are mailed through the city.

The company goes from here to Tampa, filling a three nights' engagement in the Tampa Bay Hotel Auditorium.

The prices for the engagement are $1.00 for reserved seats. General admission, 35 and 50c.

Tacoma House Party.

The home of George Chamberlain at Tacoma was the scene of a jolly house party on Friday evening of the past week, when Mr and Mrs. Chamberlain entertained their children and families, together with a few invited friends. This occasion was one of the most enjoyable ever given by Mr. and Mrs. Chamberlain, who have made themselves famous as entertainers. During the evening oysters were served in every style imaginable.

A STATEMENT FROM DR. ARMSTRONG

The Well Known Eye and Nerve Specialist of Jacksonville.

It is a well known and established fact that 90 per cent of all headaches and nervous troubles are reflex conditions having their cause in eye strain. Although the eyes may seem perfect in their functions, there may exist some trouble that is latent and will cause many complications of the system and produce a strain upon the entire nervous system, thereby causing many chronic troubles to develop.

To locate these conditions, a new science, not taught in the old schools, has been perfected and is known as Ophthalmology. By this modern system, which I now practice exclusively, I straighten cross-eyes without operation, overcome all forms of eye trouble, and chronic and nervous derangements disappear within a very short time. I have accomplished excellent results in hundreds of cases throughout Florida.

I can be seen in Gainesville, in person, at the Brown House on Jan 23 4

MR. JACKSON DREW LARGE AUDIENCES

Explained the Object of His Visit Here in Impressive Manner

A FRIEND OF THE BOYS

He Told the Large Audience of His Plans to Save Them from the Penitentiary and Stockade, by Teaching Them Morality and Trades.

Two of the largest congregations assembling in Gainesville for some time were those at the First Methodist Church Sunday morning and the First Baptist Church Sunday evening, to hear Rev. Crawford Jackson of Atlanta, chairman of the Central Juvenile Protectory Committee, deliver two interesting sermons, or addresses, in behalf of the wayward youth of the South. Both addresses were well delivered, and evidently created a good impression upon the minds of Mr. Jackson's hearers, as he succeeded in raising a large sum of money to further work of reformation.

Mr. Jackson, in his talks, related many instances where youthful boys had been sent to prison for petty offenses, were placed beside hardened criminals, and turned out with hardened and lawless consciences themselves, after which they would go about the country breaking the laws. "This is an outrage upon society," he declared, "and no one is to blame except your laws, your courts and yourselves."

In his explanation of what the Juvenile Protectory Association, which is composed of ten States of the South, expects to accomplish, Mr. Jackson stated that a large body of land had been donated to the Association. This land is beautifully situated about fifty miles northeast of Atlanta, and upon the tract it is calculated to erect ten suitable buildings for the care, protection and training of wayward children from each of these ten States, a building for the accommodation of 100 each being anticipated. These children will be taught various industries, including trades and agriculture, and will also be fully imbued with the teachings of the moral and religious side of life. The institution will be under the direction of religious influence, from which nothing but good can accrue. The institution will also care for minor offenders guilty of petty offense from any State, where the State in question has no way of caring for them beyond confinement in jail, stockade or penitentiary.

A great deal of interest was manifested at both services, and liberal contributions were made for the prosecution of the desired plan as outlined by Mr. Jackson. The evening service was presided over by Mayor W. R. Thomas, who presented the speaker in an encouraging manner.

A branch of the Association may be formed here, as Mr. Jackson is now working in that direction.

REVIVAL WILL BEGIN TODAY.

Rev. J. B. Culpepper Will Begin Interesting Sessions This Evening.

As announced in The Sun of Sunday, Rev. J. B. Culpepper, the eminent divine of Georgia who has been conducting a series of revival services in Jacksonville, will begin his series tonight in the First Methodist Church, and his coming will be gladly welcomed by the people of this city.

Mr. Culpepper is by no means a stranger to the people of Gainesville—that is, the older residents, as eighteen years ago he conducted one of the most successful revivals ever held in Florida. These meetings were held in the old opera house, the crowds being too great to be accommodated in the Methodist church here at that time, and through his influential arguments for Christ a hundred or more accepted the faith and joined the church.

Mr. Culpepper's old friends will be glad to welcome him again, and those of the younger generation will feel better for his coming.

The public is cordially invited to all services. The meetings will last a week, and longer if the demand requires.

In Mayor's Court.

West Davis, colored, was arraigned in the mayor's court Monday morning upon a charge of disorderly conduct, and was fined $2 50 and costs, which were paid. Arthur Cowan, also colored, was arrested for obstructing passengers at the Seaboard Air Line depot, and was required to fatten the city treasury by the payment of $2.50 and costs.

THE ROAD MACHINERY.

Will be Overhauled and Again Placed in Commission on County Roads.

The county road machinery purchased about three years ago, and which has been laying in idleness in the county jail yard for the past year, will be thoroughly overhauled and again placed in commission, as it has been decided to again take up county road building by machinery.

The big twelve-ton traction engine was taken from its resting-place Monday, and will be repaired and given a thorough overhauling by Joseph Avera, who is regarded as one of the most competent machinists in the county. There is no reason why this machinery cannot be used to advantage when in the hands of proper people, and work can be completed with a great deal more alacrity.

The good roads fever should grow to a higher temperature with the re-appearance of the machinery, which will no doubt have a tendency in that direction.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syruy does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

This Was Some Snake.

A friend of Joseph Chamberlain of Tacoma has reported to The Sun that a few days ago, while walking through his field examining his crop, Joe killed a rattlesnake about eight feet in length and possessing twenty-five rattles and a button.

This is certainly "some snake," and had it not been for the fact that Jee Chamberlain was the author of the story, and declared he killed the reptile, it would be hard to swallow (the story, of course). But Joe's veracity is one of his most sensitive points, and when that is doubted a fellow is skating on thin ice.

A RAIN AT LAST.

It Was One of Short Duration, But Was Wonderful Help to All.

After a long and patient waiting for rain, which has been felt by farmers and the people generally, this section was visited Sunday afternoon with a short but vigorous downpouring, which was indeed a refreshing welcome to those of the city and this section.

It is to be regretted that there was not a fuller benefit to be derived from the shower of Sunday, but it was God's gift, and the people are thankful for that. It had at least a tendency to moisten the ground, propagate the seed to that extent, and extinguished the forest fires which are reported to have been raging in this section for several days.

NATURE'S CATARRH CURE.

Sensible and Scientific Way to Cure This Disagreeable Disease.

Nearly everyone suffers at one time or another with catarrh.

The natural way to cure this disagreeable disease is by applying healing medications direct to the diseased spot.

In no other way can this be done as naturally as by the use of Hyomei, breathed through the neat pocket inhaler that comes with every outfit.

Put several drops of Hyomei in the inhaler and then for a few minutes, four or five times a day, let the air you breathe come through it. In that way all the air that enters the nasal passages, the throat or the lungs, is filled with Hyomei's healing medication, reaching the most remote air cells of the respiratory organs, destroying all catarrhal germs and soothing and healing the irritated mucous membrane.

A few days' use of Hyomei will show how quickly it relieves all catarrhal conditions, and you will not have to use it long before you find it has effected a complete and lasting cure.

So strong is J. W. McCollum & Co's. faith in the power of Hyomei to cure catarrhal troubles that with every dollar outfit they give a guarantee to refund the money unless the remedy gives satisfaction. They take all the responsibility and you cannot afford to suffer longer with catarrh when an offer like this is made to you.

Should extra bottles of Hyomei be needed they can be obtained for 50c, making this one of the most economical as well as the most reliable remedies for catarrh that is known.

A Line on Her Age.

"Oh!" gasped the beautiful woman as she fell back, clutching at her heart, and permitting the telegram to flutter to the floor.

Her fashionable guests rushed forward, crying:

"What is it? Has your husband met with an accident?"

"No, no," she moaned. "It is from my son-in-law. I am a grandmother!"

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

Women's Pains

"I was a total wreck," writes Mrs. Beulah Rowley, of Champoeg, Oregon, "from pains I had suffered, for 4 years, every month. Sometimes I would be unconscious for 12 hours at a stretch. I did not know that anything could stop the pain entirely, but Wine of Cardui did. I advise all women suffering with painful periods to use Cardui and be relieved."

It does this by regulating the functions and toning up all the Internal female organs to health. It is a pure, specific, reliable, female remedy, with a record of 70 years of success. It has benefited a million others. Why not you? Try it.

JESUP JUDGE WAS INJURED.

Run Over by Train and Foot Was Frightly Mangled.

Jesup, Ga., Jan. 21.—Judge O. F. Littlefield, one of the ablest and oldest lawyers of this county, narrowly escaped with his life this morning in an accident in which his left foot was mangled by yard engine No. 194.

The accident occurred while the judge was attempting to go over the crossing near the warehouse. He was reading his morning paper and failed to hear alike the shouts of warning of the watchman and shrieks of the engine as it rapidly backed down upon him.

Yardmaster E. L. Littlefield, son of the man who was heedlessly walking directly in the way of the engine, was in sight but unable to reach his father. When the judge saw his fate he leaped to escape, but his foot was caught and crushed, throwing him between the switches. He received a severe cut on the cheeks as a result of the fall. Unconscious from pain, he was extricated and carried into Dr. Turen's office where anethetics were administered and the foot amputated at the ankle. In spite of his years, the judge is rapidly recovering from the shock.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Want To Dig Canal.

El Paso, Tex., Jan. 21.—At a meeting of the citizens of Ysleta and Socorro and the citizens of the Rio Grande valley below El Paso it was decided to appeal to the international boundary commission for power to cut a canal on the Mexican sde of the river, straightening the course in order to save the towns of Yaleta and Socorro and several thousand acres of the valley land from being thrown into Mexico by the cutting of a new channel.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all drug stores.

May Know About Shooting.

LaJunta, Colo., Jan. 21.—Z. T. Andrews, a negro, was arrested here Friday, charged with having knowledge of the shooting of Captain Macklin at Fort Reno, Okla., a few weeks ago. Andrews will be taken before a United States Commissioner.

BADLY AFFLICTED WITH ECZEMA

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could hear of. I had no doctor, but I went into a drug store where I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said: 'Of course I do. Just get a cake of Cuticura Soap.' I got it, and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there, had a cake of Cuticura Soap with me. I told her about it, and gave her the Cuticura Soap, and in about three months I went there again, the child's head was covered with hair and not a sign of dandruff. My sister said it was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. E. W. Shigley, Columbus, Kan., Oct. 25, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Sudden Death for Operative.

Atlanta, Jan. 21.—The bursting of a 48-inch cast iron pulley in the Exposition mills Friday caused the death of F. S. Whiteworth, a white man, aged 52 years. Whiteworth, who was an employee of the cotton mill, was standing in the far end of the spinning room, several large posts being between him and the pulley, when a section of the large wheel was hurled through the air with powerful force, hitting him on the side of the head, penetrating the brain. Dr. G. Y. Pierce was summoned and the mill operative was removed to his home, where he died several hours later.

of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." Sold by W. M. Johnson.

Took Part in Revolt.

Asuncion, Paraguay, Jan. 21.—A number of Brazilians residing in Paraguay took part in an abortive revolt against the authorities of Matto Grosso. They succeeded in crossing the fontier but were overtaken by Brazilian troops and dispersed. The Brazilian soldiers pursued some of the fleeing revolutionists into Paraguay, but were forced to withdraw by the Paraguayan authorities.

Negro Found Murdered.

Meridian, Miss., Jan. 21.—The partly decomposed body of an unknown negro was found on the floor of his cabin in the eastern part of the city at midnight. The head had been crushed and his throat cut. A bloody and matted ax was found beside the body. Sunday afternoon the negro's wife had a fuss in the presence of his brother and both disappeared Sunday night, the wife, it is alleged, being hurriedly driven to the depot to catch a late train, remarking to the hackman that she had a telegram that all of her people had been bruned to death near Artesia. Neither she nor the dead man's brother have as yet been heard from.

Engineer Jumped To Death.

Birmingham, Ala., Jan. 21.—A special from Meridian, Miss., to the News says that Engineer Jack Tew, of passenger train No. 3, southbound of the New Orleans and Northeastern railroad jumped from his cab at midnight Friday and was drowned in the creeks waters at Mile Post No. 104. A northbound freight had overlooked the passenger train and a head on collision resulted, causing Tew's leap to death. Fireman John Carroll was seriously injured by jumping and three passengers were slightly hurt from the force of the impact. Considerable damage was done to equipment.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Trolley Car Kills Woman.

Augusta, Ga., Jan. 21.—Mrs. Sophia Jones was run over and killed by a trolley car on the outskirts of the city. Accompanied by her daughter she was on her way to witness the production of "Parsifal," which began earlier than usual here on account of the length of the performance. Fearing that she would be late, she attempted to cross in front of a moving car and was run down before the motorman could stop the car. The body was dragged some distance, the skull was crushed, a leg and an arm broken and internal injuries sustained.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

SCROFULA A FAMILY BLOOD TAINT

Scrofula is not a disease that is acquired, under ordinary circumstances. It is a deep-seated family blood taint, handed down from generation to generation, blighting the lives and sapping the vital forces of innocent persons who have inherited this legacy of disease. Parents who are blood relations or who have a consumptive tendency, or blood disease of any character, are sure to transmit it to their offspring, and it usually takes the form of Scrofula. Swollen glands, brittle bones, weak eyes, sores and eruptions on the body, Catarrh, and often deformities with hip disease, are the principal ways in which the trouble is manifested. In some cases the blood is so filled with scrofulous germs and poisons that from birth the sufferer is an object of pity because of suffering and a total lack of health, while in other instances favorable surroundings and prudent living hold the disease in check until later in life. A deep-seated blood disease like Scrofula can only be reached by the very best constitutional treatment. A remedy is required that can renovate the entire blood supply and drive out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers; it goes to the very bottom of all blood disorders and removes every taint and poison from the circulation, makes rich, healthy blood and cures Scrofula permanently. S. S. S. supplies the weak, diseased blood with the rich, health-sustaining properties it is in need of, and makes this life stream fit to supply every part of the system with strength and vitality. Scrofula yields to S. S. S. because it is a natural blood purifier. Write for book on the blood and any medical advice desired. No charge for either.

Col. Bryan says he is certain of one thing, anyhow, and that is that the railways could not be much worse even under government ownership.

George Bernard Shaw says there must be a lot of very unpleasant people in Heaven. G. B. needn't worry about ever being forced to associate with them.

C. Robert Ellis, better known as "Bob" Ellis, is now proprietor and publisher of The Alachua Post. He proposes to keep the paper up to its past standard.

Mr. Rockefeller says we are entering on a period of great financial depression. He is evidently letting out that $140,000,000 shrinkage in the paper value of his oil stocks worry him unduly.

A New England contemporary laments over the "continued and unwarranted attacks on Postmaster-General Cortelyou." The estimable paper ought to profit by Mr. Cortelyou's example and not worry over them.

S. M. Mumford has purchased an interest in The St. Petersburg Independent, and this excellent paper is now owned and published by Powell & Mumford. The latter is business manager and Willis B. Powell editor.

The wrecked bank of Waynesboro, Pennsylvania, expended nearly half a million dollars to keep the Republican party in power in Greene county and the State. Some of the bills rendered by the Republican politicians were for "payment for hogs." Pork in politics is synonymous for grafting and corruption.

Harvey Jordan has been re-elected president of the Cotton Growers' Association. He hesitated to accept the honor on account of the poor financial aid rendered in the past, but the executive committee pledged him support along this line and for the coming year the association will have the benefit of his services, which have proven of such great value to cotton growers since its organization.

Editor Powell of The St. Petersburg Independent places the following caption over a write-up regarding fishing in the waters in the vicinity of that place: "Fish by Tons! whough!! Tourists Bring them Home in Lighters. Tourists Losing Flesh Pulling the Fish in by the Car Load." Look to your laurels, Editor Jordan, Brother Powell is after the belt so long worn by you.

It is much to be feared that there is lots of trouble in store for us in Cuba when the time comes for another election, but Congress will evidently refuse to meddle in the matter. The United States has already expended over $4,000,000 in taking over the government of Cuba, and if another administration is set up the chances are "the outs" will make trouble for the "ins," or the ins will harass the business interests. But as Mr. Roosevelt has committed us to this policy, we have to stand for it and await results.

DENIES CHARGE OF PEONAGE

Representative Clark of Florida takes exception to the statements of the Attorney-General concerning peonage in his State, as expressed in The Washington Post last Tuesday Discussing this matter, Mr. Clark said he had no personal knowledge of peonage in other portions of the South, but he was certain there were no real facts, so far as Florida was concerned, to justify Mr. Bonaparte in his indignation.

"The Attorney-General is quoted," said Mr. Clark, "as saying 'in Mississippi the victims of these outrages appear to be all negroes, but Assistant Attorney-General Russell is now in Florida engaged in prosecuting a number of offenders under the peonage laws who have held white laborers in captivity, and, it is said, treated them with great barbarity. These unfortunates are alleged to be, for the most part, emigrants newly landed and beguiled into the power of their tormentors through shameless falsehoods.'

"That certainly is an amazing statement to be made by the chief law officer of the government, and it is hard to believe that a lawyer of Mr. Bonaparte's reputed ability would make such a statement for publication. He certainly knows, what every tyro in the profession is supposed to know, viz, that every man charged with crime is presumed to be innocent until the prosecution, by competent evidence, establishes his guilt to the satisfaction of a jury of his peers beyond a reasonable doubt.

"He also knows, or ought to know, that the finding of an indictment by a grand jury is neither the establishment of guilt nor the creation of a presumption of guilt. Yet he refers to these defendants, who have simply been indicted, or accused, as 'offenders under the peonage laws,' and he makes the positive statement as a matter of fact that they 'have held white laborers in captivity.'

"The truth is that the grand jury in the United States Court at Jacksonville returned five or six indictments against F. J. O'Hara and his business associates for alleged violations of the peonage laws. These defendants are prominent, honorable citizens of the State of Florida, engaged in the turpentine business and employing a great deal of labor. They were jointly indicted. Assistant Attorney-General Russell consumed several weeks of the time of the court in trying the defendants on one of these indictments, and the jury very promptly returned a verdict of 'not guilty.'

"He is now engaged in consuming several more weeks of the court's time, at an enormous expense to the government, in trying the same defendants on another indictment, but I am informed with substantially the same witnesses and the same state of facts.

"The government witnesses in these so-called peonage cases are, as a rule, riff-raff scum from the large cities and loafing negroes, and neither class will work. They have found out that they can institute these prosecutions and be carried on the government's payroll as witnesses for quite awhile, and get mileage from their alleged homes, which are always some distance from Jacksonville.

"I am perfectly satisfied that there has not been within the State of Florida one single real violation of the peonage laws of the United States."

CENTRALIZATION.

There is a difference of opinion how far Secretary Root intended to go in his New York speech on the centralization of power in the hands of the Federal government. Representative McCall of Massachusetts, an independent Republican, says: "If Mr. Root simply means that the constitutional laws of the United States should be supreme, no one will quarrel with the proposition. But if he means that if the States shall fail to exercise their own functions to the satisfaction of the men who at the time may happen to be running the national government, the latter may usurp and exercise those functions, I should find myself unable to agree with that." Democrats universally view with hearty disfavor the centralizing process that has been going on under the Roosevelt administration, which Mr Root was undoubtedly trying to justify. Many Republicans agree generally with the position taken by Congressman McCall, although but few of them care to openly criticise the administration. There is the legitimate way of construing the constitution, and those who cannot get a construction to suit them must strive for a constitutional convention, but in the meantime to allow any President or party to override the constitution would only bring on friction between the Federal and State governments, which would result in disaster.

HANDLING A TIGER.

How a Turkoman Subdued a Snarling, Angry Man Eater.

"In a cage near the room in which I lived while in Khiva," says Langdon Warner in the Century Magazine, "was a tiger from the Oxus swamps. He had taken a dislike to me, and every time I passed his cage he got up and paced angrily toward me, snarling.

"Into the cage of this beast, at the command of the prince, a Turkoman stepped, armed with a short stick as big round as his wrist. With this stick he struck the tiger's nose as he made for him, and then, with palms out and eyes fixed, he walked slowly up to the shrinking beast and stroked his face and flank.

"The tiger snarled and took the man's hand in his open mouth. I held my breath and looked for the bleeding stump to fall away; but, keeping that hand perfectly still, with the other he tickled the tiger's jowl and scratched his ear till with a yawn and a pleased snarl the big cat rolled over on his back to have his belly scratched.

"The man then sank to his knees, always keeping his hands in motion over the glossy fur, and with his foot drew toward him a collar attached to a chain. This he snapped round the beast's neck and, rising to his feet, laid hold of the chain and dragged the tiger out.

"This was only the second time that the cage had been entered. As soon as the tiger was outside he espied the watching party and started for them, but came up short on the collar. If he had chosen to use his weight and strength no four of them could have held his tether, but as it was the Turkoman found little difficulty with him and held him, snarling, while a camera was snapped."

THE STAR MIRA.

A Sun of Great Size That Is Struggling For Existence.

For the greater part of the time the variable Mira, which has been known to astronomers for 300 years, is altogether unnoticeable and indeed invisible, except with telescopes. It once disappeared entirely for a period of four years, but afterward attained extraordinary splendor, only to fade again to invisibility. It is a sun of great size, brighter than our sun when it shines at its brightest, but some trouble, some solar disease, seems to be sapping its vitality, and it resembles a patient almost at the last gasp. Once in about 331 days—but the period is irregular—it has a sudden accession of energy and flares up for a little while with several hundredfold brilliancy only to sink back into a dull red point that nearly escapes the ken of the telescope. One interesting explanation that has been suggested is that the surface of Mira periodically bursts into a vast flame of burning hydrogen, so great and powerful that it is visible across millions of millions of miles of space. It is a star for the imagination of a Dante, yet there is reason to believe that the time is coming when every star in the sky, not excepting the sun, will have to confront a similar struggle for existence, just as every mortal being must some time see death.—Garrett P. Serviss in New York American.

What He Wanted.

"How will you have your hair cut, sir?" said the talkative barber to the victim in the chair.

"Minus conversational prolixity," replied the patient.

"How's that, sir?"

"With abbreviated or totally eliminated narrations."

"What?"

"Without effervescent verbosity. Let even diminutive colloquy be conspicuous by its absence."

The barber scratched his head thoughtfully a second and then went over to the proprietor of the shop and whispered, "I don't know whether that man in my chair is mad or a foreigner, but I can't find out what he wants."

The victim had to explain that he wanted the job done in silence.

Strange Fog Signal.

When fogs prevail in Boston harbor, the attention of passengers on the Nantasket Beach line of steamers is attracted by a faint metallic sound which might be mistaken for the sound of a bell. But it is not the clanging of a bell which the passengers hear. Suddenly through the mist there appears ahead, like a specter, a large tripod, from the apex of which is suspended a big steel triangle. It is this which causes the strange sound and signals vessels as to how to guide their course through the difficult channel of the fog.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

Ohio River Still Rising—Crest of the Flood Expected Monday.

Louisville, Ky., Jan. 21.—Flood situation showed no sign of improvement Saturday, the most serious development being the discovery that the dyke which protects the upper east end of the city is weakening slightly. Reports are being made, and men are patrolling the banks. The crest of the flood is not expected before Monday.

The Ohio river has continued to rise during the past 24 hours throughout its length, but is falling in its upper tributaries.

Quite heavy rains have occurred over the watershed, particularly over the Kentucky and Big Shanty sections. The river will rise steadily at Madison, Ind., and Louisville, for the next several days, and will reach a stage of 38 feet at Louisville and 54 feet at Madison Sunday, with a still further rise Monday, reports Forecast Official Walz.

In Newport, Ky., it is estimated that fully 5,000 people are homeless and almost destitute. There are nearly 100 blocks under water and the water is encroaching on others slowly.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and $1. Trial bottle free.

Aid For Mine Sufferers.

Indianapolis, Ind., Jan. 21.—The convention of the United Mine Workers of America voted $1,000 for the relief of the families of the victims of the Clinton, Ind., mine disaster, in which eight were killed, and adopted a resolution pledging the support of the national organization to Meyer and Heywood, the imprisoned miners in Idaho.

Carrie Nation

certainly smashed a hole in the barrooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H—, Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Ballard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

Steamers In Collision.

Dover, England, Jan. 21.—Te Red Star Line steamer Vaderland, from New York, for Antwerp, collided with and sank the Dundee steamer Naworth Castle 4 miles east of the south Goodwin lightship during the night. So far as it known only three members of the Naworths Castle's crew of 20 are missing.

The secret of old age is Health. Use BALLARD'S HOREHOUND SYRUP

And you will have health. Great care should be taken of ones health and Ballard's Horehound Syrup will cure

COUGHS, COLDS, CROUP, BRONCHITIS AND ALL PULMONARY DISEASES.

Mrs. J. H. McNeil, Salt Lake City, Utah, writes: "I am eighty years old and I thank Horehound Syrup for having cured me of coughs colds and other like diseases."

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Gov. Comer Addresses Convention.

Birmingham, Ala., Jan. 21.—Two Birmingham speakers held the attention of the Southern Cotton association convention Saturday morning. They were B. B. Comer, governor of Alabama, whose subject was "The American Cotton Crop," and W. D. Nesbit, who spoke on "The Modern Warehouse, Construction and Economy of Operation." President Jordan was detained at a meeting of the executive committee, and the meeting was called to order by W. H. Seymour, of Montgomery, president of the Alabama division, who introduced Governor Comer. The governor said he had been busy at Mongomery trying to get laws enacted in the interest of agriculture, "and I am here to tell you," he added, "that we are going to get them."

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

Negroes Escape From Jail.

Meridian, Miss., Jan. 21.—Three negroes succeeded in escaping the city jail by digging a hole through the brick wall, razors, files and saws being used. These instruments were found in the cell of Marshall Lee, a negro in the county jail, and a wholesale delivery from that jail was probably nipped in the bud. Lee had been sentenced during the day to a long term in the pen. He declines to state where the tools came from, but outside aid is supposed.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Negotiae for Treaty.

St. Petersburg, Jan. 21.—The foreign office has been informed by M. Montono, the Japanese minister that his government has directed him to renew negotiations for a commercial treaty with the difficulties regarding the conclusions of the convention having been overcome.

How to Prevent Bilious Attacks

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. They are for sale by all druggists.

INAUGURATED AS GOVERNOR.

Patterson Succeeds Cox as Governor of the State of Tennessee.

Nashville, Tenn., Jan. 19.—Malcolm R. Patterson, of Shelby county, was on Thursday inaugurated governor of Tennessee to succeed John I. Cox.

The ceremony was simple. Governor Patterson was sworn in by Chief Justice Beard, of the supreme court. Governor Patterson delivered his inaugural address and immediately assumed the duties of his office.

Governor John I. Cox, the outgoing governor, in a short and graceful speech surrendered the duties and powers of the office of chief executive to the new governor, and the latter made a short and fitting speech of acceptance.

Four ex-governors of Tennessee occupied seats of honor, as follows: Robert L. Taylor, Benton McMillin, James D. Porter and John P. Buchanan.

A large reception will follow in honor of the new governor at the Maxwell house.

The audience witnessing the ceremonies was one of the most distinguished that ever gathered in the state house.

During the exercises at the capitol music was furnished by the Industrial school band, and also by the band from the blind school.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

Statue of Washington.

Buenos Ayres, Jan. 21.—The government is advised by the Argentina consul at New York that merchants in the United States having interests in Argentina wish to present to the municipality of Buenos Ayres, a statue of Washington to be unveiled in 1910, the centennial of the Argentine revolution against Spain. The government has received the plan favorably.

A Jamaica Lady Speaks Highly of Chamberlain's Cough Remedy

Mrs. Michael Hart, wife of the superintendent of Cart Service of Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her house. Sold by all druggists.

Killing in Virginia.

Roanoke, Va., Jan. 21.—John Foster was shot and killed by Arthur Stanley at the home of Mrs. Sarah Sink, in Franklin county. Foster was an unmarried man and his slayer is single. After the killing Stanley escaped and has not been captured. Sheriff Dickinson is in pursuit.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Hippopotamus.

At times the hippopotamus exudes what has been described as a "bloody sweat." Microscopically examined, the exudation is found to consist of a great number of minute colorless bodies, resembling the colorless corpuscles of the blood, and a smaller number of pink colored bodies, made up of some crystalline substance forming clusters of rodlike and triradiate form. These, becoming dissolved, give the surrounding fluid medium a deeper pink color than that observable before dissolution took place. Both the colored and colorless matter appear to be exuded by special pores in the skin which display activity only immediately after the creature has left the water.

Tolerance In Japan.

Westerners seem to find it inconceivable how the Japanese can maintain allegiance to different creeds at one and the same time. One broad explanation of this is that we as a nation are tolerant in mind, especially in matters pertaining to religion.—Japan Times of Tokyo.

The Wrong Jam.

Haskell—What's Bobby crying for? Mrs. Haskell—Oh the poor boy caught his finger in the pantry door. Haskell—Hum! He evidently didn't get the jam he was looking for that time.—Pick-Me-Up.
